MINISTRY OF LABOUR, EMPLOYMENT & REHABILITATION

(Department of Labour and Employment)

New Delhi, the 17th July 1967

S.O. 2502.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Andhra Pradesh, Hyderabad in the industrial dispute between the employers in relation to the Singareni Collieries Company Limited and their workmen which was received by the Central Government on the 5th July, 1967.

BEFORE THE INDUSTRIAL TRIBUNAL, ANDHRA PRADESH, HYDERABAD

PRESENT:

Sri Mohammad Najmuddin, M.A., B.L., Chairman, Industrial Tribunal, Andhra Pradesh, Hyderabad.

INDUSTRIAL DISPUTE No. 66/1965

BETWEEN

Workmen of Singareni Collieries Company Ltd., Kothagudium.

AND

Employers of Singareni Collieries Company Ltd., Kothagudium.

APPEARANCES:

Sri M. Komariah, General Secretary, Singareni Collieries Workers Union, Kothagudium—for the workmen.

Sri M. V. Ramakrishna Rao, Asstt. Personnel Officer—for the Employers.

AWARD

The Government of India in its Ministry of Labour & Employment had, by order No. 7/21/65-LRII dated 1st December 1965, referred this case to me for adjudication. The issues as per Schedule appended to the notification are these:—

- (1) Whether, having regard to the nature of work performed by Sarvashri S. Ramamurthy, P.S. Vedanayakam and Noorula Rahiman, Welders, Main Workshop, Kothagudium, their demand for placing them in Category VII under the award of the All India Industrial Tribunal (Colliery Disputes) is justified?
- (2) If so, to what relief are they entitled and from what date?

2. The General Secretary, Singareni Collieries Workers Union, Kothagudium, is party to the reference. The statement of claims was filed by and under the signature of Mr. M. Komariah who is the General Secretary of the said Union. The

award of the All India Industrial Tribunal (Colliery Disputes) is popularly known as Majumdar Award. The three workmen whose names are mentioned in issue 1 are welders in the main workshop of the Company at Kothagudlum. The case of the claimants is that they are working independently as welders. Theirs is a skilled job. Reliance is placed upon the description of welders in the Majumdar Award to claim Category VII to the three welders. As a further support to this claim it is stated that they are working independently as welders. It is not stated in the statement of claims as to in which category each of these three claimants are actually. The prayer is that these three welders should be placed in Category VII "with retrospective effect from the date of their working as independent welders from their completion of apprenticeship". There is however evidence as to when they had finished their five years period of apprenticeship and when they were absorbed by the Company as regular workers.

3. The Management filed counter. There is a Memorandum of Settlement dated 3rd February 1965 between the Management on the one side and their workmen on the other. That settlement was arrived at during conciliation proceedings in the presence of the Conciliation Officer (Central), Secunderabad. That document is generally known as Tradesmen Agreement. The Management state in the counter that as per the Tradesmen Agreement the number of welders in Category VII in the main workshop had been fixed at 2, and that there are already two welders in that category. It is pointed out in the counter that the claim of the three welders in the reference to Category VII would amount to demand to increase the cadre strength of welders in the said category in the main workshop contrary to the Tradesmen Agreement which continues to be effective and in operation. Therefore the first objection of the Management is that the reference is bad in law and outside the scope of the Industrial Disputes Act because it relates to a matter which is already covered by a settlement which is in operation. It is denied that the three welders had been working independently or that they had been doing any skilled jobs independently. It is stated that following the expiry of their five years of apprenticeship they had been appointed to Category IV, and it is pointed that they did not at any time protest about it and that in fact they did not at any time demand that they be placed in Category VII. It is further pointed out that they cannot in any case ask that the number of Category VII Welders in the main workshop at Kothagudlum should be increased beyond 2. Lastly, it is stated that the Majumdar Award is no longer in operation from the year 1959 and that therefore the claimants cannot rely upon the job description of welders contained in it.

3. One witness for each side was examined in the case. W.W. 1 is S. Ramamurthy who is one of the three claimants in the reference. M.W. 1 is S. Kameswararao who is Mechanical Engineer in charge of the Workshop at Kothagudlum. The welding section is under his charge. Exs. W 1 to W 7 were marked on the side of the claimants. Exs. M 1 to M 8 were marked on the side of the Management. I will refer to the relevant documents during the course of discussion.

4. I will first take up the question whether the reference is bad in law. Mr. Ramakrishna Rao the Assistant Personnel Officer who argued the case for the Management contended that inasmuch as the claim of the three welders in the reference to being placed in Category VII is contrary to the tradesmen agreement. Ex. M 7, and since the said agreement is still in force, the reference would be bad in law. I do not agree with him that the reference is bad in law. What the claimants really claim is that having regard to the nature of their duties as welders they are entitled to be paid wages that are paid to welders in Category VII on the ground that they perform similar duties. They are not as such seeking modification of the tradesmen agreement. Even so it does not appear that the cadre strength fixed for various categories in various departments as per Ex. M 7 is absolutely inviolable. M.W. 1 Mr. Kameswararao said in his evidence-in-chief itself that there are two welders in Category VIII in the main workshop. According to the tradesmen agreement the number of welders in Category VIII is only one. The cadre strength fixed for welders in Category VII is two. The true copy of a letter dated 28th September 1965 from Mr. Daniel the Welfare Officer was sent here along with the reference. Referring to Vedanayakam who is one of the claimants here Mr. Daniel stated as follows:—

Sri Vedanayakam on completion of five years trade apprenticeship was placed on category IV wages, and on obtaining a certificate from a recognised institute he was placed in Category V in the first year, category VI in the second year and Category VII during the third year on equal footing with the I.T.I. passed candidates.

Having regard to the date of that letter from Mr. Daniel, viz., 28th September 1965, it would appear that even by the date of reference Vedanayakam had been placed in Category VII. From that it would seem that actually there are three category-VII Welders in the main workshop at Kothagudium instead of two which is the number fixed as per the tradesmen agreement, Ex. M 7. The copy of that letter from Mr. Daniel has not however been marked as exhibit by either party. I have referred to it because it had been sent with the reference. My purpose is to point out that the fixation of grade strength as per the tradesmen agreement has not been wholly inviolable. That is also seen from what M.W. 1 said, namely, that there are two in Category VIII, whereas there should be only one according to the tradesmen agreement. If the claimants claimed that they should be given wages as per Category VII, there cannot be said to be any breach of settlement as per Ex. M 7 on their part. The reference is valid and competent.

5. In its attempt to oppose the case of the claimants the Management had brought forth a wholly new aspect of its case during the enquiry, a matter which had not been pleaded in the counter. Admittedly the three claimants are working in the main workshop at Kothagudium. From the witness box the Management fought shy to even refer to them as welders. M.W. 1 the Mechanical Engineer stated in his evidence-in-chief as follows:—

They (3 claimants) are trainees in the welding section. In the welding section there are five full-fledged welders. One of them is in the master grade. Two of them are in Category VIII, and the remaining two are in Category VII. All the other welders in the mechanical section are trainees. Whatever work comes to the workshop, I would entrust it to the master welder. Precision and accurate welding is done by the master welder. He would entrust the other welding jobs to the regular welders in Categories VII and VIII. Any independent welding work is not assigned to the trainee welders. They assist the regular welders. Where accuracy is not important, like girder welding job, such jobs are allowed to be done by the trainee welders under the supervision of regular welders.

Finally at the end of his cross-examination M.W. 1 has this to say:—

The workers in the reference are not welders as such, but only trainees.

6. Not a word is said in the counter that the workers in the reference are not welders as such but only trainees. M.W. 1 has made himself free with such expressions as "full-fledged welders" or "regular welders". I do not see how after satisfactory completion of five years of apprenticeship, one could continue to describe the claimants as trainees even after being absorbed as welders in permanent employ Exs. M 1, M 2 and M 3 all of which are dated 6th May 1958 are orders by which S. Ramamurthy, P. S. Vedanayakam and Noorula Rahiman were respectively appointed as trade apprentices for a period of five years. In paragraph 1 of these three documents it is stated that the candidate shall have no claim for any employment with the Company either during or after the completion of apprenticeship. But once on satisfactory completion of apprenticeship they have been appointed as regular workers, the above clause in the appointment orders would not make any difference. Ex. M 4 dated 15th June 1963 is the order of the Management by which 17 workers, whose names are set out therein, have been "confirmed on Category IV emoluments in Company's service with effect from 2nd June 1963" because they had "completed successfully their five years apprenticeship on 1st June 1963". Serial Nos. 4 and 5 and 10 in Ex. M 4 are the 3 claimants in the reference. Now to say, as does M.W. 1 the Mechanical Engineer, in the face of what is stated in Ex. M 4 that the 3 claimants continue to be trainee welders would not be correct. A welder is a welder. There is no purpose in bandying expressions like 'full-fledged welder' or 'regular welder', although there will be difference in proficiency of work from welder to welder. That is the reason why there is a master grade welder and welders in categories VIII and VII and in lesser categories. If one is to believe that the three claimants continue to be trainee welders in the workshop section, then it is not understandable why they should have been started on category IV. The fact that they were started on that category shows that they have been taken on as permanent welders. After that they may move on to higher categories. W.W. 1 said that he was in Category V from February 1965 and that Vedanayakam was in Category VI. Noorula Rahiman continues in Category IV. The witness and Vedanyakam would not have moved on to Categories V and VI respectively if they were to be treated as trainee welders. Indeed, by the same token they would not have been entertained in Category IV to start with. The three claimants are certainly welders.

7. The next question is what is the nature of work performed by the three claimant-welders. Their claim is that having regard to the nature of work they do they should be placed in Category VII as per recommendations of the Majumdar Award. It is stated in the counter of the Management that the Majumdar Award is no longer in operation from the year 1959 and that therefore the claimants cannot rely upon the job description of welders contained in it so as to be able to claim Category VII. So far as concerns the enquiry in the dispute on hand, there is no evidence that the operation of the Majumdar Award had been terminated. I would however assume that the Majumdar Award as such is no longer in operation. Even so, it is the recommendations contained therein that the Management of the Singareni Collieries Company Ltd. had by and large been following. The job description of welder in grade II in Appendix XI of the said Award is this:—

A workman capable of handling both electric and acetylene welding plants, and having an adequate knowledge of the preparations required for different types of jobs, as also adequate knowledge of the materials required but being a man of less skilled/experience than a Grade I welder.

According to Appendix XII Grade II welder is in Category VII. Even the tradesmen agreement, Ex. M 7, refers to the various Categories which are quite obviously taken from the Majumdar Award. Therefore what has really to be considered is whether having regard to the nature of the duties the 3 claimant welders perform they are entitled to be placed in Category VII, or, in any case, if they are entitled to wages that is paid to a welder in Categories VII.

8. It has been denied in the counter that the claimant welders do any skilled jobs or that they do them independently. I have elsewhere extracted the testimony of M.W. 1. He had said that any independent welding work is not assigned to the "trainee welders" and that they assist the "regular welders". The witness had referred to the master welder and to welders in Categories VII and VIII, and according to him the other welders in the workshop are trainee welders. As I have held that there was no question of the welders in Categories IV, V and VI being called trainee welders, then it means that it is to the welders in the said Categories that the witness says that any independent welding work is not assigned, and that they assist the "regular welders". In its nature a welding job has of necessity to be an independent job. Since the plea had been taken in the counter that the claimant welders do not do any skilled jobs independently, M.W. 1 had tried to explain why in Ex. W 1(a) the then Mechanical Engineer had used the words, "every welder is expected to work independently". This is how M.W. 1 explained:

It means this. Welding is one man's job because he has to hold the protecting screen with one hand and use the other hand to operate the holder.

I do not think that this so-called explanation from M.W. 1 is very illuminating. The fact remains, however, that a welder works independently. But of course they will be difference in the proficiency of a welder. That is why there is a master welder and welders in other categories. M.W. 1 said that precision and accurate welding is done by the master welder. He would naturally guide and advise the welders in inferior categories when they are on their jobs. I am clear that the claimant welders independently do their jobs which are entrusted to them.

9. Even so, the question is whether the claimant welders are entitled to Category VII. Admittedly they had been started on Category IV after completion of apprenticeship period of 5 years. M.W. 1 explained that Category V is given after passing All-India Trade Test, that Category VI is given one year later if work and conduct is satisfactory and that Category VII is given one year later still if the work and conduct in Category VI continued to be satisfactory. Now that the Management claim that a welder should pass some sort of test before he can be given higher categories from Category IV. Mr. Ramakrishnarao the Personal Officer had put W.W. 1 through a lengthy test about the various aspects of welding, and thereby had converted this Tribunal into a forum for some sort of trade test. And then the Mechanical Engineer (M.W. 1) came into the witness box and gave what according to him should be the correct answers. It is hardly necessary to refer to that aspect of evidence in the cross-examination of W.W. 1 and in the chief-examination of M.W. 1. Being a Mechanical Engineer M.W. 1 should of course have superior knowledge than that of a mere welder. Even so, I do not think that W.W. 1 could be said to have wholly failed in that surprise test he was offered in the witness box here. The question is whether the stand

taken by the Management is correct, viz., that it is only after passing some sort of a trade test that a welder is entitled to promotion to a higher category. My answer to that question is in the affirmative. M.W. 1 admitted in his cross-examination that there is no clause in the tradesmen agreement (Ex. M 7) that before a welder is given Category VII he should pass the All-India Trade Test. He also admitted that the Majumdar Award does not specify any certificate for a welder. In the Majumdar Award it is specified what a welder Grade II should know, and if he has such knowledge he would be placed in Category VII. It really amounts to saying that the welder would be tested for his knowledge, and which further means that he would have to satisfy a test. It is stated in the statement of claims that the three claimant welders should be placed in Category VII with retrospective effect from the point of time they had been working independently, that is, the point at which they were taken into permanent employment following the satisfactory completion of five years period of apprenticeship. It was by order Ex. M 4, dated 15th June 1963 that the 3 claimant welders were taken into permanent employment with effect from 2nd June 1963. If the claim made in the statement of claims that the claimant welders should be placed in Category VII or be given wages in Category VII from the point of time they were employed as above said, then it would amount to claiming that they should be placed in Category VII or be given Category VII wages even from 2nd June 1963. Such a claim is not tenable, for it means skipping Categories IV, and V. The basic employment was on Category IV. Thereafter a welder should satisfy a proficiency test before he can move on to higher categories. I do not think that a welder could claim to higher categories from mere afflux of time. That such is the position is indicated from the testimony of W.W. 1 himself. This is what he stated in his cross-examination:—

To start with I was placed in Category IV. I was promoted to Category V in February 1966 because I passed All-India Trade Test conducted by the Central Government. Vedanayakam also passed that test. Therefore he too was given Category V. Noorula Rahiman did not appear for that test. He remains in Category IV.

It is clear from the above that the Management rightly puts the welders through a test before promoting them to higher categories. What W.W. 1 said as above supports what M.W. 1 said with regard to promotion to higher categories. I uphold the contention of the Management that welders should pass the prescribed test before they could be placed in a higher category.

10. According to the tradesmen agreement (Ex. M 7) the cadre fixed for Category VII welders for the main workshop is two. It is argued by Mr. Ramakrishnarao that if the claimant welders or any of them is to be given Category VII, then, inasmuch as the two posts of Category VII welders are already occupied, it would amount to creating new posts in that category, and that Industrial Law does not admit of such a claim. In principle I agree with Mr. Ramakrishnarao that creation of new posts could not be subject of an industrial dispute. But the case of the Management as explained by M.W. 1 is that higher categories including Category VII are given to welders if they pass the prescribed tests. If the claimant welders or any of them passed the prescribed test for Category VII, then the question is what is to happen to them. It may be that they could not as such be placed in Category VII because the tradesmen agreement prescribes only two Category VII welders in the workshop, but it certainly means that they would be entitled to wages which are given to welders in Category VII.

11. W.W. 1 is in Category V. Actually Vedanayakam is in Category VI. Noorula Rahiman remains in Category IV. My finding under the issue is that the three claimant welders would be entitled to wages in Category VII provided they successfully come through the prescribed test therefor. Should a vacancy arise in Category VII, the Management could fill it according to its judgment.

AWARD passed accordingly.

AWARD

By Order No. 6/17/66-LRII, dated 27th May, 1966, the Central Government referred for adjudication an industrial dispute between the employers in relation to the East Satgram Colliery, P.O. Jaykaynagar, District Burdwan and their workmen in respect of the subject matter mentioned in the following schedule:

"Whether the dismissal of Shri Raj Kumar Harijan, Examiner of East Satgram Colliery, Post Office Jaykaynagar, Asansol was an act of victimisation for his trade union activities? If so, to what relief is the workman entitled?"

2. According to the case of the union, Raj Kumar Das alias Harijan was working at East Satgram Colliery as a miner for 12 or 13 years ago. Then the Colliery Mazdoor Union established a branch at East Satgram Colliery and Kumar became an important office-bearer of the branch committee and took an active part in enlisting workmen as members of the union and also incited the dissatisfaction of the management. The management had a practice of refusing employment to workmen on their return from leave and several persons who had gone on leave became unemployed. Raj Kumar made representation to the manager on their behalf and thereupon he was falsely chargesheeted as having abused the manager. The incident took place on 6th April, 1963 and the chargesheet was drawn up and served on 7th April, 1965. Raj Kumar submitted a reply stating that he had approached the manager to request him to allow the workers to work and not to take new recruits, but the manager did not listen to him and abused him and threatened him, and that he had been falsely chargesheeted as he was an active member of the union. Thereafter an enquiry was held by the Senior Personnel Officer, Sri S. D. Pandey. But at the enquiry Raj Kumar was not allowed proper opportunity to defend himself. Accordingly, the union wanted reinstatement of Raj Kumar with back wages.

3. The case of the management was that on 6th April, 1965 Raj Kumar along with Tejuli Mia had come to make representations for appointment of a relative and a co-villager of his, namely Dhatri Das and Barendu Das, and when the manager did not give them appointment, Raj Kumar lost his temper and abused the manager in filthy language, and therefore a chargesheet had to be issued against Raj Kumar. According to the management further, the enquiry was properly held in the presence of Raj Kumar and also Tejuli who had been chargesheeted at the same time, and the enquiry was held in strict accordance with the principles of natural justice, and the order of dismissal had been passed by the manager after obtaining approval from the appropriate authority and that therefore there should be no interference with the order. The management further stated that they were not aware of any trade union activity of Raj Kumar and that the question of victimisation of Raj Kumar for trade union activities did not arise.

4. The workman concerned, Raj Kumar Harijan, in his evidence has stated that he made representations to the manager regarding two grievances namely, the failure to give employment to workmen on their return from leave and the failure to pay bonus under the Coal Mines Bonus Scheme regularly; and that he became the Secretary of the branch committee of the union and that for his trade union activities he had been victimised. But he admitted that he did not through his union submit any representation to the Labour Inspector or the Conciliation Officer or the Labour Commissioner relating to the grievances of the miners or

other workmen at East Satgram Colliery. As regards his being an office-bearer of the branch committee of the Colliery Mazdoor Union at East Satgram Colliery, the manager Sri J. C. Ojha who deposed as MW2 admitted that a letter Ext. I containing the names of office-bearers of the branch committee was received by him on 7th October, 1964 by registered post. This letter is dated 1st October, 1964 but the manager was not aware of any meeting held to elect office-bearer on 1st October, 1964. Further, from the annexure to Ext. J, which is a letter from the Regional Labour Commissioner, Dhanbad to the Agent, East Satgram Colliery, it appears that the General Secretary of the Colliery Mazdoor Union had informed the R.L.C. that the election of the branch committee members was held on the auspicious day of Gandhiji's birth day anniversary, namely 2nd October, 1964. It also mentioned that another workman, Shib Shankar Singh, received the order of retrenchment on 3rd October, 1964. In Ext. I, Shib Shankar Singh appears to be named as President of the branch committee and Raj Kumar was first named as Vice-President but by a correction made with a pen, Janardan Singh's name was entered as Vice-President and Raj Kumar Das's name as a committee member. In the written statement, the union however described Raj Kumar as Vice-President, while Raj Kumar in his own evidence before the Tribunal claimed to be the Secretary. In Ext. I the Secretary appears to be one Rameswar Prasad. Thus there is considerable discrepancy about the office of Raj Kumar Das in the branch committee of the union at East Satgram Colliery. The letter, Ext. I must be considered to be back dated, and it is not unlikely that even on 2nd October no meeting was held for the election of office-bearer, but after the order of retrenchment relating to Shib Shankar Singh had been received on 3rd October, 1964, a list of office-bearers was prepared and sent by registered post to the Manager. In any case, even if Raj Kumar did become a member of the committee, there is nothing, apart from his own evidence that he made certain oral representation to the manager, to prove that he took an active part in connection with the union affair. No petition forwarded by him as a Union member has been proved. There is no particular reason, therefore, why the management should proceed against him for trade union activities. The reference order propounds the question whether the dismissal of Raj Kumar Harijan was an act of victimisation for his trade union activities. There is no evidence however to show that on account of his trade union activities, Raj Kumar was proceeded against. Admittedly, Raj Kumar went to make some representation to the manager at his office on 6th April, 1965 and it appears from the enquiry proceedings, Ext. D that Tejuli Mia, stated that both the manager and Raj Kumar became hot during their talk. This goes to support the case of the management that Raj Kumar did abuse the manager Sri J. C. Ojha at that interview. Such a finding was made by the Enquiring Officer, Sri S. D. Pandey on the basis of the evidence taken by him. Raj Kumar had admitted that he attended the enquiry, but he stated that he was asked to stand on the verandah outside the room where the enquiry was being held when the manager was being examined and also when Tejuli Mia's statement was recorded and when Kameswar Prasad was examined for the defence. But Kameswar Prasad's statement bears the signature of Raj Kumar as well as the thumb impression of Tejuli Mia, whereas against the record of the evidence of the witnesses examined for the management, the enquiring officer recorded that though the statements were read over and explained, the delinquents refused to put their signature or thumb impression. In the circumstances it can never be believed that Kameswar Prasad was examined in the absence of the delinquents. There is also no reason to believe that the manager and Tejuli Mia were examined in the absence of Raj Kumar. There is not only the evidence of enquiring officer but also the manager, J. C. Ojha before the tribunal that the manager gave evidence in the presence of both the delinquents. Raj Kumar admitted before the tribunal that when he went to interview the manager, the Assistant Manager and Surveyor were present in the room. The Assistant Manager and the Surveyor were also examined as witnesses at the domestic enquiry, as well as several other witnesses for the management. On the basis of their evidence, the enquiring officer found that the charge had been proved against Raj Kumar but not proved against Tejuli Mia, as the evidence showed that Tejuli Mia was merely present with Raj Kumar but did not take an active part. Sri N. R. Roy appearing for the union has urged that this finding of the enquiring officer would go to show that he was biased against Raj Kumar, but this was merely a finding recorded by him judicially on the basis of the evidence, and the evidence before the enquiring officer supports the finding. There is no reason for holding that the finding showed the bias of the enquiring officer. Sri N. R. Roy also urged that the enquiring officer was not an independent person but under the influence of the manager. But it appears from the evidence of Sri S. D. Pandey that he was the Senior Personnel Officer of the East Satgram Company, which owns three collieries including East Satgram colliery, and that he was not specifically attached to East Satgram Colliery but his office was at the central office

at Jharia. Accordingly, it is clear that Sri S. D. Pandey was not under the manager of East Satgram Colliery, though necessarily he was under the Agent and Directors who had their office at Jharia. I find that the enquiry was properly held and the findings were such as are supported by the evidence before the enquiring officer, and the order of dismissal was passed with the approval of the Agent as required by the Standing Orders. Thus apart from there being no evidence of victimisation for trade union activities, the dismissal must be held to be justified.

5. My award, therefore, is that the dismissal of Shri Raj Kumar Harijan, Ex-miner of East Satgram Colliery was not an act of victimisation for his trade union activities but was justified and therefore the workman is not entitled to any relief.

AWARD

The Ministry of Labour and Employment by Notification No. 1/12/64-LRII-I dated 12th May, 1964, referred the following matter of dispute as stated in the Schedule under order of reference to central Government Industrial Tribunal, Dhanbad:

SCHEDULE

1. Whether the management of the Sinidih Colliery of Sinidih Colliery Concern (P) Ltd., Katrasgarh, was justified in declaring 18th December, 1963 as an unpaid holiday for all the workmen of the Colliery?

2. If not, to what relief are the workmen entitled?

The case remained pending before the Dhanbad Tribunal from 18th May, 1964, till 13th May, 1964, when it was transferred by Notification No. 8/25/67-LR-I dated 25th April, 1967.

Before the Dhanbad Tribunal the workmen represented by Bihar Koyla Mazdoor Sabha alone filed written statement. No written statement had been filed by the employers. After the case was transferred notices were issued to both the parties and the employers were required to file their written statement by or before 27th May, 1967. They took an adjournment and the case was listed for 9th June, 1967, for their written statement. The representatives of both the parties appeared on 9th June, 1967, before me and filed a compromise petition,

terms of which are reproduced in the annexure. The petition had been duly verified in my presence. As the issue under reference shows, the disputed question is about the payment of wages for one day, the 18th December, 1963. By the terms of compromise, the management has agreed to pay half the wages together with dearness allowance to all workers of both shifts rendered idle in the category of trimmers, time-rated workers and such miners who appeared for work on that date. The management has further agreed to pay a sum of Rs. 50 as costs to the Union. This is a reasonable and satisfactory settlement of dispute and an award is recorded in terms thereof.

AWARD

By Notification No. 1/12/64-LR-II dated 12th May 1964 the Ministry of Labour & Employment referred the following matter of dispute as stated in the Schedule under order of reference to Central Government Industrial Tribunal, Dhanbad:

SCHEDULE

1. Whether the management of the Sinidih Colliery of M/s. Sinidih Colliery Concern (Private) Ltd., Katrasgarh (Dhanbad), was justified in terminating the services of Shri Sukar Barhi, with effect from 1st January 1964?
2. If not, to what relief is the workman entitled?

The case remained pending before the Dhanbad Tribunal from 18th May, 1964, to 13th May, 1964, when it was transferred to this Tribunal by Notification No. 8/25/67-LR-II dated 25th April, 1967. Representatives of both the parties, however, appeared before me on 9th June 1967 and filed compromise petition which had been duly verified before me. The terms of the compromise petition are reproduced in the annexure.

The dispute as would appear from the issue under reference relates to the termination of services of a single workman, Sri Sukar Barhi. According to the terms of settlement, the management has agreed to pay retrenchment compensation as also an *ex gratia* payment of Rs. 100/-. They, however, further agreed to pay Rs. 50/- as costs to the Union. The compromise is a fair settlement of the dispute which is accepted and an award is recorded in terms thereof.

On behalf of Workmen.—Absent.

STATE: West Bengal.

INDUSTRY: Coal Mines.

AWARD

By Order No. 8/66/65-LRII dated 21st March 1966, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Kendra Colliery, P.O. Pandaveswar, Distt. Burdwan and their workmen in respect of the subject-matter mentioned in the following schedule:

“Whether the suspension of Sarvashri Sahadeb Chamar, Ramadhar Chamar and Munilal Chamar, Underground Loaders from the 21st January, 1965 to 8th February, 1965, by the management of Kendra Colliery is justified? If not, to what relief are these workmen entitled?”

2. According to the management, on 21st January 1965 in the morning Lalu Pasman, an underground loader of Kendra colliery, complained to the management that in the early morning of 21st January 1965 when they were working underground, he was assaulted by a group of underground loaders including Sahadeb Chamar, Ramadhar Chamar and Munilal Chamar. The manager on the same day, 21st January 1965, drew up chargesheets against Sahadeb Chamar, Ramadhar Chamar and Munilal Chamar, the charge being that about 5 a.m. on 21-1-65 when working underground they abused and assaulted Lalu Pasman, underground loader. There was a further charge that they had left their place of work before the end of the shift. An enquiry was held on 3-2-65 by Shri Onkar Singh, Welfare Officer of Samla Colliery. The enquiry was attended by the three chargesheeted workmen and their statements were taken, their defence being that they had been assaulted when working underground by Lalu Pasman and another group of loaders and that they had not taken any aggressive part. The enquiring officer however found that the charge of assaulting Lalu Pasman was proved against them. He also found on the evidence of the attendance clerk and the attendance register which was produced before him that the three loaders had left their shift at 6.15 a.m. instead of 8 a.m. and so he found the second charge also proved against them. The three loaders had been suspended from 21st January, 1965. The manager by an order dated 8th February, 1965 accepted the findings of the inquiring officer and imposed the punishment of suspension for 10 days from 21st January, 1965 to 1st February 1965 and directed the workmen to take their dues according to the Standing Orders for the remaining period for which they had been under suspension i.e. from 2nd February 1965 to 8th February 1965. The management denied that the proceedings had been initiated in order to victimise the three workmen for their trade union activities.

3. In the written statement filed on behalf of the workmen by the union, Colliery Mazdoor Sabha, it was alleged that Sahadeb Chamar was the Assistant Secretary of the branch committee of the union at Kendra and that the other two, Ramadhar and Munilal, were also members of the Colliery Mazdoor Sabha, and that they were taking a leading part in representing grievances to the authorities, as a result of which an enquiry was held in 1964 by an Officer of the R.L.C. (C), Dhanbad at the Kendra Colliery, and that the manager had a grudge against these workmen and had taken advantage of an underground scuffle between two groups of workmen to chargesheet them falsely. The union claimed full wages for the period of suspension.

4. At the hearing no representative of the union has appeared, both Sri Parimal Das Gupta, Advocate and Shri Kalanand Singh, Secretary of Samla-Pandaveswar branch of the union, who usually conduct the cases of Kendra colliery being absent. Sri Robin Chatterjee, Vice-President of Colliery Mazdoor Sabha, Raniganj is under arrest in connection with a murder case, but in view of the fact that he did not usually concern himself directly in the conduct of Kendra colliery cases and in view of the fact that the case is a petty one, it was not considered necessary to adjourn the hearing. Moreover, no petition for adjournment was moved on behalf of the union. The case, therefore, has been heard *ex-parte*.

5. The management examined two witnesses, namely Shri K. K. Batra, Manager of Kendra colliery and Shri Onkar Singh, Welfare Officer of Samla Colliery who held the enquiry. It is the common case of the parties that there was a scuffle between two groups of underground loaders in the early morning of 21st January 1965. It appears from the evidence of the Manager, Shri Batra,

that Sahadeb Chamar and Lalu Pasman filed complaint cases before the Sub-divisional Magistrate, Asansol, accusing one another in connection with that incident, but the case filed by Sahadeb Chamar was dismissed because Sahadeb Chamar was absent on a date of hearing before the Magistrate, whereas the case filed by Lalu Pasman is still pending. Ext. C is the proceedings of the domestic enquiry and Ext. D is the enquiry report. It appears from the proceedings that the workmen participated in the enquiry and gave their statements, wherein they stated that it was Lalu Pasman and others who had assaulted them and that they did not assault Lalu Pasman. But they did not produce any defence witness to prove their case, whereas on behalf of the management apart from Lalu Pasman, several other witnesses were examined, namely Haricharan Gope, Mouzi Pasman, Sukhu Pasi and Madan M. Singh, Register Keeper or Attendance clerk. In view of the evidence against them, the findings by the inquiring officer as contained in the report, Ext. D can by no means be held to be perverse. Accordingly, the manager was justified in accepting the findings of the inquiring officer and acting upon the same. The sentence passed by him cannot be considered severe. The workmen, therefore, are only entitled to payment for the period from 2nd February 1965 to 8th February 1965, having been permitted to join their work again on and from 9th February 1965. It appears from paragraph 18 of the Standing Orders of the company that the period of suspension whether by way of punishment or pending an inquiry should not exceed 10 days; but if suspension pending an inquiry exceeds 10 days, the workman shall be entitled to half wages for each day in excess of 10 days. The three workmen are, therefore, entitled to half wages for the period from 2nd February 1965 to 8th February 1965 which the manager offered by his orders, Ex. E, E1 and E2 but which the workmen have still not accepted.

6. As regards the contention of the union that it was a case of victimisation for trade union activities, the Manager stated that he was not aware that Sahadeb Chamar was the Asstt. Secretary of the branch committee of Colliery Mazdoor Sabha, and that the other workmen were members of the branch of Colliery Mazdoor Sabha at Kendra. He in fact claimed that Colliery Mazdoor Sabha was not functioning at all at Kendra. Before the Conciliation Officer however, the case of the management was that the Colliery Mazdoor Sabha had not been recognised and had a very small following at Kendra, there being two recognised unions, namely the Colliery Mazdoor Union and the Colliery Mazdoor Congress at Kendra. Even if the Colliery Mazdoor Sabha had a small membership at Kendra, they were still entitled to represent the workmen who were the members of that union. The manager also admitted that there had been an enquiry by an officer deputed by the R.L.C.(C), Dhanbad as the result of a complaint as to non issue of measurement slips, etc. filed by Sahadeb Chamar and other workmen through the union. But I must accept the statement of the Manager that the present case has nothing to do with such complaint by the workmen or such enquiry by the officer of the R.L.C.(C)'s office, because it arose out of an admitted scuffle which had taken place underground in the early morning of 21st January 1965.

7. My award, therefore, is that the suspension of Svs. Sahadeb Chamar, Ramadhar Chamar and Munlal Chamar, Underground loaders from 21st January 1965 to 8th February 1965 by the management of Kendra Colliery was justified, but the workmen are entitled to be paid half of their wages for the period from 2nd February 1965 to 8th February 1965 under paragraph 18 of the Standing Orders of the company, and apart from that the workmen are not entitled to any relief.

AWARD

The Ministry of Labour Employment and Rehabilitation referred the following matter of dispute, as stated in the schedule to the order of reference, to the Central Government Industrial Tribunal, Dhanbad by notification no. 2/106/64-LRII dated 17th October, 1964, from where it was transferred to this Tribunal vide Notification No. 3/25/67-LR-II dated 25th April, 1967—

SCHEDULE

Whether the management of Khas Jeenagora Colliery P. O. Khas Jeenagora (District Dhanbad), were justified in refusing to take Shri Madhav Manjhi Mining Sirdar, with effect from the 12th February, 1964? If not to what relief is he entitled?

The workmen filed their written statement before the Dhanbad Tribunal. On the date of preliminary hearing before this Tribunal, the parties filed a compromise petition, terms of which are reproduced in the annexure to this award. The dispute relates to the non-employment of a single workman, Sri Madhav Manjhi, with effect from 12th February, 1964. As the terms of settlement would indicate the workman concerned because of his attaining the age of 60 preferred to accept payment of Rs. 700/- as compensation and the dispute was then satisfactory resolved. An award, therefore, is recorded in terms of compromise settlement.

Joint petition on behalf of the management of M/s. Khas Jeenagora Colliery as well as on behalf of their workmen represented by Kuyla Baidar Panchayat, Jharia.

The party under dispute most respectfully beg to submit as under:—

1. That Sri Madho Majhi attained the age of 60 years on 3-4-63 and as such he had to get himself Medically examined for fitness under Coal Mines Regulation 28.
2. That he was examined on 12-2-64 and was declared medically fit for one year.
3. That Sri Madho Majhi was restricted from working as a Mining Sirdar by the Chief Inspector of Mines by their letter No. Jr. Med/11117/63 of 18-11-63.
4. That Sri Madho Majhi could have worked under the latest fitness certificate upto 11-2-65

5. That Sri Madho Majhi did not like to get himself examined again for fitness and as such his Sirdar Certificate was invalidated with effect from 12-2-65.

6. That Sri Madho Majhi approached the management and Koyla Mazdoor Panchayat, to mutually settle the dispute as he will not be able to resume his duties even if allowed by the tribunal.

7. That in view of the peculiar circumstances the case was mutually settled with the consent of Sri Madho Majhi and a sum of Rs. 700/- (Seven hundred only) was paid as compensation for his services along with other earned dues.

8. That Sri Madho Majhi gave his application to this effect to the Manager, Khas Jeenagora Colliery and forwarded a copy of the same to Koyla Mazdoor Panchayat, with request to compromise the case accordingly.

9. That Sri Madho Majhi has been paid this money along with other earned dues on 28th August, 1965.

AWARD

By Notification No. 2/109/64-LRII, dated 21st October, 1964, the Ministry of Labour, Employment and Rehabilitation referred the following matter of dispute, as stated in the schedule to the order of reference, to Central Government Industrial Tribunal, Dhanbad:

SCHEDULE

Whether the action of the management of Kamala Coal Company's Shampur Colliery, Post Office Mugma, District Dhanbad, in terminating the services

of Shri M. M. Sinha, Part-time Surveyor, with effect from the 19th July, 1964 was justified? If not, to what relief is he entitled?

Before the said Tribunal, the Union, Nirsha Thana Coal Field and Workshop Workers' Union, P.O. Nirshachati, District Dhanbad, alone filed a statement of claim. No statement of claim was filed on behalf of the employers. Proceedings remained pending before the said Tribunal till the transfer of this case to this Tribunal by Notification No. 8/25/67-LRII, dated 25th April, 1967. After the case was received usual notices were issued to parties. Both parties did not appear but intimated separately that the matter has been settled. The Union, intimated that a sum of Rs. 1346.99P. had been paid by the employer to the workman concerned on 7th April, 1965 in full satisfaction of the dispute and therefore the dispute was not pressed. This is a fair and satisfactory settlement of the dispute which relates to the determination of a single workman. Since the dispute is not pressed by the Union, the issue under reference is answered in affirmative.

AWARD

By Order No. 6/46/65-LRII dated 10th March, 1966, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Kendra Colliery, P.O. Pandaveswar, Dist. Burdwan and their workmen in respect of the subject matter mentioned in the following schedule:

“Whether the stoppage of work of Sarvashri Sahadeb Chamar, Pamai Chamar and Ramadhar Chamar, Underground Loaders, by the management of Kendra Colliery, with effect from the 9th October, 1964, to the 19th October, 1964, was justified?

If not, to what relief are they entitled?”

2. According to the management, Sahadeb Chamar, Pamai Chamar and Ramadhar Chamar, who were before the 9th October, 1964, working in the third shift or night shift in the depillaring section of No. 2 pit of Kendra colliery, were asked to work from 9th October, 1964, in the development section also known as the below drift section; the reason for such order was shortage of sand for stowing in the depillaring section and shortage of labour in the development or below drift section. The three loaders however, did not join their duty in the development section on 9th October, 1964. Accordingly, on 10th October, 1964, a charge-sheet was drawn up against the three loaders, the charge being that on 9th October, 1964, in the third shift they were asked to work in the below drift section

but refused to do so. The reply to the chargesheet from the workmen was received only on 23rd October, 1964, by registered post. With effect from 19th October, 1964, however the loaders had already joined their duty and therefore no notice was taken of the reply to the chargesheet, and the chargesheet was not proceeded with. But in the meantime on 13th October, 1964, the manager had warned the three workmen that they would be liable to severe punishment if they failed to comply with the order of working in the below drift section. The loaders sent a complaint to the C.M.E. and the manager had to write a letter on 17th October, 1964, explaining to the C.M.E. reason for the transfer and the reason why an order in writing was not given. 18th October, 1964, was a Sunday and on 19th October, 1964, these three workmen joined. On 19th October 1964 they saw the manager in the morning and they made the representation that as Pamai Chamar was an old man it would be difficult for him to work in the below drift section. Accordingly, the manager permitted him to work in the depillaring section and accordingly Pamai Chamar joined on 19th October, 1964, in the depillaring section, while Sahadeb Chamar and Ramadhar Chamar joined on 19th October, 1964, at the below drift section. According to the management, they were not aware that Sahadeb and the other two workmen were members of the Colliery Mazdoor Sabha and they denied victimisation on that ground.

3. According to the written statement of the union, the three loaders incurred the displeasure of the management for their trade union activities and for ventilating the grievances of the workmen to various authorities. As a result of a complaint by Sahadeb Chamar and several other workmen, an Officer on Special Duty attached to the office of the R.L.C., Central, Dhanbad held enquiry of Kendra colliery regarding the allegations of non issue of measurement slips and nonpayment of money for lead and lift. The management therefore was on the look out of victimising these workmen, and harassed them by frequent transfers from one section to another and issued chargesheets on 10th October, 1964, alleging that they had refused to obey the order to go and work in the below drift section although the charge was false. According to the union it was after the workmen had replied to the charge on 17th October, 1964, denying the allegations that the management decided not to proceed any further with the charge and allowed them to join. But they had been deprived of their wages for the days between 9th October, 1964, and 19th October, 1964, and they wanted full payment for those days.

4. On the date of hearing none has appeared for the union. Sri Kalanand Singh, Secretary of the Samia-Pandaveswar branch of the Colliery Mazdoor Sabha, with Shri Parimal Das Gupta, Advocate appeared previously in connection with the cases of Kendra Colliery. Neither of them appeared on the date of hearing and no petition of adjournment was also moved. Shri Robin Chatterjee, Vice-President of the Colliery Mazdoor Sabha, is now under arrest in connection with a murder case, but since the Kendra cases were being conducted by Sri Kalanand Singh along with Shri Parimal Das Gupta this circumstance has not been considered a sufficient reason for adjourning the case which is further a petty case. Accordingly, the case has been heard *ex-parte*.

5. On behalf of the management Sri K. K. Gotra, Manager of the colliery has been examined and he has given evidence about the facts relating to the case. Ext. A is a copy of the chargesheet dated 10th October, 1964, Ext. B is the warning letter dated 13th October, 1964, and Ext. C the letter written by the manager to the C.M.E. on 17th October, 1964, explaining why the transfer to another section was made and why a written order for such transfer was not given. The manager admitted that on the basis of a petition sent by Sahadeb Chamar and other workmen regarding non issue of measurement slips, etc., an Officer from the office of the R.L.C., Dhanbad, held an enquiry in the beginning of 1964. But he said that the present case had nothing to do with that matter the chargesheet being issued because these workmen refused to obey the order to go and work in the below drift section instead of in the depillaring section. It was the Conciliation Officer, the union alleged that the loaders were stopped from work on 9th October, 1964, arbitrarily and that when they complained to the C.M.E. and other authorities in writing ante-dated chargesheets were served on them on 17th October, 1964. The manager stated that the chargesheets were tendered personally on 10th October, 1964, but the workmen refused to accept them, and 11th October, 1964, being a Sunday, on 12th October, 1964, the chargesheets were sent by registered post to the concerned workmen. The manager proved the postal receipts Ext. F showing that registered letters addressed to these workmen were posted on 10th October, 1964. Accordingly there is no substance in the allegation that only after complaint had been made to the C.M.E. and others, ante-dated chargesheets were served on the loaders concerned. There is no reason to disbelieve the evidence of the manager which is supported by the documentary evidence that on 9th October, 1964, these

loaders were ordered to proceed to another section for work and they did not do so. They were actually absent from work from 9th October to 17th October 1964, 18th October being a Sunday; on 19th October they joined according to the evidence of the manager, and this fact also appears from the payment registers, Ext. D and Ext. E wherein the attendance of these workmen on 19th October, 1964 is entered, and it appears that these workmen received full payment for that day. The reference order propounds the question whether the stoppage of work by the management was justified. The loaders were stopped from working in the depillaring section of No. 2 pit from 9th October to 17th October, 1964; but in view of the fact that they had been asked to work in the development section such stoppage of work was justified.

6. My award, therefore, is that the stoppage of work of Svs. Sahadeb Chamar, Pamai Chamar and Ramadhar Chamar, Underground loader by the management of Kendra Colliery from 9th October to the 17th October, 1964 (and not 19th October, 1964) was justified; and the workmen, therefore, are not entitled to any relief.

Dated 7th July, 1967.

AWARD

By Order No. 6/104/66-LRII, dated 3rd March 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Samla Ramnagar Colliery (Messrs Samla Collieries Limited) P.O. Pandaveshwar, Dist. Burdwan, and their workmen arising from the termination of employment of four underground loaders with effect from the 29th August, 1966 namely,

1. Shri Triloki Tanti, Underground Loader.
2. Shri Bido Kumhar, Underground Loader.
3. Shri Churaman Tanti, Underground Loader.
4. Shri Kailash Chammer, Underground Loader.

2. According to the case of the management, because of their weakness and debility due to old age the management did not consider these four workmen fit to go on working as underground loaders and directed them on 7th July 1966 and 8th July, 1966 to appear before the Medical Officer for report as to whether they were fit for continued duty. The four workmen however refused to appear before the Medical Officer within a week of the order as they had been asked to do. Accordingly, on 19th July 1967, the manager again issued fresh orders on them to appear before the Medical Officer within three days. Even then the four

workmen did not appear before the Medical Officer. Thereafter by letters dated 9th August 1967, they were given 3 more days' time to appear before the Medical Officer and also informed that if they failed to appear they would be considered unfit to continue in their jobs as underground loaders and their services would be terminated. The workmen still failed to appear before the Medical Officer and thereupon the manager by orders dated 29th August 1966 terminated the services of the four workmen on the ground that they were no longer physically fit to work as underground loaders. The union in their written statement have alleged that there had been no complaint regarding the output of work of these 4 workmen and that when they were asked to appear before the Medical Officer and obtain certificate as to their physical fitness, they realised that it was the intention of the management to terminate their services and so the workmen refused to appear before the Colliery Medical Officer and submitted an application for examination by impartial medical authorities like the Kalla Central Hospital authorities but the management did not accede to that prayer and arbitrarily terminated the services of the four workmen with effect from 29th August, 1966.

3. After both parties had filed their written statements, the case was fixed for hearing on 22nd July 1967; but on 12th July 1967, Shri R. Ramachandran, Group Labour Officer of Samla Collieries Limited appeared and stated that the case had been amicably settled and produced a joint petition of compromise signed by the Agent of the Samla Collieries Limited and by the Organising Secretary of the Colliery Mazdoor Congress, Bengal Hotel, Asansol who represents the workmen. Sri Ramchandran has stated that one of the four workmen has died in the meantime, and his widow and the other three men who are old are anxious for a monetary settlement and accordingly the compromise has been entered into by the union on behalf of the workmen. Although no representative of the workmen has appeared to day, there is no doubt that the signature of the Organising Secretary, T. N. Shukla, is genuine, and Shri Ramachandran has stated that Shri Shukla signed in his presence. Under the terms of the settlement, the employers have agreed to pay to each workman or to his widow or other legal heir the sum of Rs. 350 as *ex-gratia* payment in full settlement of his claim, in addition to any other dues which may be due to the particular workman. The terms must be considered satisfactory and are accepted. The period within which the payment is to be made is not mentioned in the joint petition of compromise. Shri Ramachandran has stated that he is willing to pay the workmen or their representative within a day or two. It would be proper to fix the period of 15 days from this date as the time within which the payment must be made.

4. An award is therefore made in terms of the petition of compromise which shall form part of the award subject to the further condition that payment must be made within 15 days from this date i.e. by 27th July, 1967.

Dated, the 12th July, 1967.

Their Workmen.

The above Reference has been amicably settled between the parties on the following terms:—

1. That the termination of the services of the four workmen would be treated as genuine and valid.
2. That the employers would pay to each of the workmen or to their widows in the case of the worker or workers who has/have died meanwhile, a sum of Rs. 350 (Rupees three hundred and fifty only) as *ex-gratia* in full and final settlement of all their claim. This will be in addition to the normal dues of the workmen, which also will be paid as aforesaid.

3. That the parties shall bear their own costs of these proceedings.

AWARD

By Order No. 6/118/65-LRII, dated 17th February 1966, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Ramnagar Colliery of M/s. Samla Collieries Ltd., P. O. Pandaveswar, Distt. Burdwan, and their workmen in respect of the subject matter mentioned in the following schedule:—

“Whether the management of Ramnagar Colliery is justified in placing Sarvashri Amardeo Gareria and Ramnath Gareria on C.P. Mines on the Badli list with effect from the 25th May, 1965. If not to what relief are they entitled?”

2. Amardeo Gareria and Ramnath Gareria were cousins working as C.P. Mines at Ramnagar Colliery from about 1960. Both of them applied for 30 days' leave from 6th April 1965 alleging urgent work at home, i.e. in their village home in Jaunpur district. Such leave was granted to them by the order of the Manager in each case. The 30 days' leave would extend upto and including 10th May 1965 as the intervening Sundays would be excluded in the count of 30 days' leave. The workmen were, therefore, due to join at the colliery on 11th May 1965. On 6th May 1965 the management received two medical certificates by registered post purporting to certify in respect of Amardeo Gareria that he was suffering from amoebic dysentery and in the case of Ramnath Gareria that he was suffering from acute bronchitis. In each case the doctor who purported to grant certificate recommended extension of leave by 12 days with effect from 11th May 1965. No separate application for leave from the workman concerned was received. In each case on 11th May 1965 the manager wrote back to the workman

saying that the medical certificate was irregular because it recommended leave from a future date. Extension of leave was refused in each case. These letters were sent on 11th May 1965. None of the workmen reported for duty on 11th May 1965. They both came on 24th May 1965; they were not permitted to join their duty and the manager sent them for examination to Dr. D. N. Chakravorty, the Colliery Medical Officer for report whether they had been suffering from the illness as alleged. Dr. Chakravorty was unable to confirm that Amardeo had been suffering from amoebic dysentery or that Ramnath was suffering from acute bronchitis but he sent them to the Chief Medical Officer, Dr. Kanailal Banerjee for confirmation of his opinion. Dr. Kanailal Banerjee in each case confirmed the opinion of Dr. Chakravorty. The manager in consultation with the Group Labour Officer, Sri Ramachandran, decided that the explanation for overstaying leave in each case was unsatisfactory and so placed the workmen on the badli list. The decision was communicated by letters dated 25th May 1965 to each of the two workmen.

3. Against that order, the Vice-President, Colliery Mazdoor Sabha, Raniganj, complained to the Conciliation Officer, Raniganj on 17th June 1965. There was however no settlement before the Conciliation Officer. In the written statement the union alleged that Amardeo Goreria and Ramnath Goreria had become members of the Colliery Mazdoor Sabha when it opened a unit at Ramnagar colliery and they were taking a leading part in the work of the union at the colliery and that the action of the management in placing them on the badli list was victimisation on account of their trade union activities. According to the union, the reason for overstaying the leave which had been communicated to the management by medical certificate sent by registered post should have been accepted as sufficient, and the workmen should have been allowed to join their posts when they reported for duty on 24th May 1965. The workmen conveyed their willingness to accept jobs of badli worker but, according to the union, this was done under protest, without prejudice to their right to move the appropriate authority against the order placing them on the badli list.

4. The management filed a rejoinder denying the allegation of victimisation on account of trade union activities and stating that the management was not aware that the workmen had become members of the Colliery Mazdoor Sabha.

5. At the hearing the union has not been represented. Shri Dinesh Singh, President of the Samla-Pandaveswar Branch of the Colliery Mazdoor Sabha, appeared with an application for adjournment. When the application was rejected he stayed during the examination of the first witness for the management but thereafter left saying that the workmen were expected to arrive by the Coal Fields Express due in Calcutta at 10.45 a.m. and that if they arrived he would come back with them. The workmen however failed to turn up and therefore the case has been heard *ex-parte*.

6. The management has produced the medical certificates which were received by registered post on 6th May 1965 and the office copies of the replies which were sent by the Manager on 11th May 1965. I must agree that the medical certificates must be considered irregular, because the doctor who is supposed to have examined the patients on 2nd May 1965 in the case of Ramnath and 3rd May 1965 in the case of Amardeo, could not have formed the opinion that they would require further leave for 12 days on medical ground from 11th May 1965. A part from the fact that the doctor in the case has not been produced as witness and therefore the medical certificates have not been formally proved, no reliance can be placed on such medical certificates. Further, Sri Ramchandran, Group Labour Officer of Samla Collieries Limited stated that when the workmen appeared on 24th May 1965 they were sent to the Medical Officer of the Colliery, Dr. Chakravorty, for ascertaining whether they had really been ill of amoebic dysentery and Bronchitis respectively as alleged by the workmen. Ext. A & B are the reports of Dr. Chakravorty relating to Amardeo and Ramnath respectively. He did not find any symptom of Amardeo having suffered from dysentery or Ramnath having suffered from Bronchitis with fever. Dr. Kanailal Banerjee, Chief Medical Officer of Samla Collieries Limited has deposed before the tribunal. He stated that Dr. Chakravorty sent the workmen on 24th May 1965 and he examined the workmen on the same day and after examination he failed to find the symptom of Amardeo having recently suffered from amoebic dysentery or Ramnath having recently suffered from Bronchitis. Accordingly, he confirmed the opinion of Dr. Chakravorty. In the circumstances, the management was right in holding that the workmen concerned had failed to explain their overstaying of leave satisfactorily. The certified Standing Orders of the Samla Collieries Limited has been produced before me under Paragraph 10 clause (f) of the Standing Orders is as follows, "If a workman remains absent beyond the period of leave originally granted or

Having regard to the date of that letter from Mr. Daniel, viz., 28th September 1965, it would appear that even by the date of reference Vedanayakam had been placed in Category VII. From that it would seem that actually there are three category-VII Welders in the main workshop at Kothagudium instead of two which is the number fixed as per the tradesmen agreement, Ex. M 7. The copy of that letter from Mr. Daniel has not however been marked as exhibit by either party. I have referred to it because it had been sent with the evidence. My purpose is to point out that the fixation of cadre strength as per the tradesmen agreement has not been wholly inviolable. That is also seen from what M.W. 1 said, namely, that there are two in Category VIII, whereas there should be only one according to the tradesmen agreement. If the claimants claimed that they should be given wages as per Category VII, there cannot be said to be any breach of settlement as per Ex. M 7 on their part. The reference is valid and competent.

5. In its attempt to oppose the case of the claimants the Management had brought forth a wholly new aspect of its case during the enquiry, a matter which had not been pleaded in the counter. Admittedly the three claimants are working in the main workshop at Kothagudium. From the witness box the Management fought shy to even refer to them as welders. M.W. 1 the Mechanical Engineer stated in his evidence-in-chief as follows:—

They (3 claimants) are trainees in the welding section. In the welding section there are five full-fledged welders. One of them is in the master grade. Two of them are in Category VIII, and the remaining two are in Category VII. All the other welders in the mechanical section are trainees. Whatever work comes to the workshop, I would entrust it to the master welder. Precision and accurate welding is done by the master welder. He would entrust the other welding jobs to the regular welders in Categories VII and VIII. Any independent welding work is not assigned to the trainee welders. They assist the regular welders. Where accuracy is not important, like girder welding job, such jobs are allowed to be done by the trainee welders under the supervision of regular welders.

Finally at the end of his cross-examination M.W. 1 has this to say:—

The workers in the reference are not welders as such, but only trainees.

6. Not a word is said in the counter that the workers in the reference are not welders as such but only trainees. M.W. 1 has made himself free with such expressions as "full-fledged welders" or "regular welders". I do not see how after satisfactory completion of five years of apprenticeship, one could continue to describe the claimants as trainees even after being absorbed as welders in permanent employ Exs. M 1, M 2 and M 3 all of which are dated 6th May 1958 are orders by which S. Ramamurthy P. S. Vedanayakam and Noorula Rahiman were respectively appointed as trade apprentices for a period of five years. In paragraph 1 of these three documents it is stated that the candidate shall have no claim for any employment with the Company either during or after the completion of apprenticeship. But once on satisfactory completion of apprenticeship they have been appointed as regular workers, the above clause in the appointment orders would not make any difference. Ex. M 4 dated 15th June 1963 is the order of the Management by which 17 workers, whose names are set out therein, have been "confirmed on Category IV emoluments in Company's service with effect from 2nd June 1963" because they had "completed successfully their five years apprenticeship on 1st June 1963". Serial Nos 4 and 5 and 10 in Ex. M 4 are the 3 claimants in the reference. Now to say, as does M.W. 1 the Mechanical Engineer, in the face of what is stated in Ex. M 4 that the 3 claimants continue to be trainee welders would not be correct. A welder is a welder. There is no purpose in bandying expressions like 'full-fledged welder' or 'regular welder', although there will be difference in proficiency of work from welder to welder. That is the reason why there is a master grade welder and welders in categories VIII and VII and in lesser categories. If one is to believe that the three claimants continue to be trainee welders in the workshop section, then it is not understandable why they should have been started on category IV. The fact that they were started on that category shows that they have been taken on as permanent welders. After that they may move on to higher categories. W.W. 1 said that he was in Category V from February 1965 and that Vedanayakam was in Category VI. Noorula-Rahiman continues in Category IV. The witness and Vedanayakam would not have moved on to Categories V and VI respectively if they were to be treated as trainee welders. Indeed, by the same token they would not have been entertained in Category IV to start with. The three claimants are certainly welders.

2. Hari Roy who worked as a miner at East Sitalpur Colliery for 5 or 6 years was on the 3rd or night shift on 22nd April, 1965 and was working underground with a batch of workmen including one Chotan Das, a miner. According to the management, while they were working Hari Roy had a quarrel with Chotan Das, and Hari Roy assaulted Chotan Das, giving some severe blows on the nose as a result of which Chotan Das bled from the nose. Chotan Das also assaulted Hari Roy. The two men were separated by other people like Muni Gosai and Kaileswar Mahato. At the end of the shift Chotan Das complained to the Assistant Manager, Sri O. P. Neralia who was then at the shaft level of No. 1 pit. The Asstt. Manager held a summary enquiry and being satisfied he reported to the Manager. The Manager on 25th April, 1965 drew up chargesheets against both Hari Roy and Chotan Das. An enquiry was held by the Labour Welfare Officer Sri M. R. Bhatt on 17th May, 1965. The enquiring officer reported on 22nd May, 1965 holding that the charge of assaulting was proved against both the workmen. The manager, Sri Vora, recommended dismissal and this was approved by the Director, Sri P. Mondal, by order dated the 12th June, 1965. Thereupon on 17th June, 1965 the Manager passed an order of dismissal against Hari Roy. On the same day an order of dismissal was passed against Chotan Das.

3. Both the workmen were members of the Colliery Mazdoor Union. Before the Conciliation Officer, Raniganj, on 29th January, 1966 there was a settlement so far as Chotan Das is concerned and the management agreed to take back Chotan Das in their service; holding that Hari Roy was the aggressor, the management refused to take back Hari Roy. The agreement was embodied in a memorandum of settlement, Ext. D under which Chotan Das was taken back with effect from 16th December, 1965, his non employment from the date of dismissal upto 15th December, 1965 being treated as leave without pay. There was no settlement about Hari Roy and the Conciliation Officer submitted failure report concerning him and the case was ultimately referred to adjudication.

4. According to the union, Hari Roy was an active member of the Colliery Mazdoor Union which was not recognised by the management, and the management, therefore were displeased with him and were on the look out for an opportunity to throw him out of employment. They took advantage of the quarrel which Hari Roy and Chotan Das had when working underground on 22nd April, 1965 and charged him as well as Chotan Das with assault when working underground; the two chargesheeted workmen attended the enquiry and told the enquiring officer that they had settled their difference. No. witness for the management was examined in their presence but thereafter they were surprised to get orders of dismissal dated the 17th June, 1965. In the course of Conciliation proceedings, the management took back Chotan Das in their service but refused to take back Hari Roy. According to the union, this was an act of discrimination and showed the intention of the management to victimise Hari Roy.

5. The management submitted a rejoinder, denying that any action had been taken against Hari Roy because of his trade union activities; the management stated that they were not even aware that Hari Roy had become a member of the Colliery Mazdoor Union. According to the management the enquiry was properly held and witnesses were examined in the presence of both the chargesheeted workmen.

6. Regarding the point of victimisation for trade union activities, this is no doubt averred in the written statement of the union, but it appears that in the complaints which were submitted by the General Secretary of the Union to the Conciliation Officer after the dismissal of Hari Roy, no such allegation of victimisation for trade union activities was made. Ext. 1 is the first complaint made by the late Keshab Banerji, General Secretary of the Colliery Mazdoor Union to the Conciliation Officer, Raniganj; it is dated 19th June, 1965 i.e. it was written two days after the order of dismissal. Therein it is stated that Chotan Das and Hari Roy when working underground were joking with one another and suddenly Chotan Das was slightly injured in his nose and the Assistant Manager caught sight of this and took the matter seriously and thereupon both the workmen were chargesheeted; that at the enquiry which was subsequently held, both the workmen wanted to settle the dispute mutually but thereafter the management dismissed both the workmen wrongfully. Thus the complaint merely amounted to saying that even though the workmen who had quarrelled were friends and had settled the dispute, the management had still proceeded to punish them by dismissal. There is no mention made at all in the letter of any particular union activities or victimisation for trade union activity. Even in the second letter, Ext. 2 addressed by the late Keshab Banerji to the Conciliation Officer, Raniganj, on

26th August, 1966, it was not suggested that action was taken against Hari Roy because of his trade union activities. It was not even mentioned that he was a prominent member of the union. It was therein stated that the nose bleeding which Chotan Das had was not the result of any blow on his nose by Hari Roy but Chotan Das was suffering from a nasal disease which caused him to bleed from the nose on certain occasions, and that at the enquiry the two workmen had expressed their desire to settle their difference and had requested the enquiring officer not to proceed further with the enquiry, but still the management without showing any consideration had dismissed both the workmen. Thus the complaint against the Management was chiefly for their lack of consideration, and no victimisation was suggested. In his deposition, Hari Roy has stated that as a member of the union he collected subscriptions for the union and used to call members of the union whenever a meeting was held. He also stated that two or three months before the incident which was the occasion for the chargesheet, the manager had asked him to give up the union. This was, however, not stated in the written statement, and the evidence cannot be accepted. It appears from the evidence of the Labour Welfare Officer, Sri Bhatt, examined for the management, that Hari Roy never approached him with any complaint either on his own behalf or as a representative union member on behalf of other workmen. It is therefore not possible to hold that the proceedings were started against Hari Roy because the management intended to victimise him for his trade union activities.

7. As regards the point raised by the union that there was discrimination by the management in as much as Chotan Das was taken back by the agreement before the Conciliation Officer while Hari Roy was not taken back, it appears that the management were satisfied that Chotan Das was the victim of the attack and Hari Roy was the aggressor in the fight which had taken place underground during the third shift of 22nd April 1965, Sri N. R. Roy, appearing for the union, has urged that the enquiring officer in his report, Ext. F. did not expressly state that Hari Roy was the aggressor and that Chotan Das was the victim, and that the finding was that both had been guilty of assault. There was indeed evidence that after he had been hit on the nose, Chotan Das struck Hari Roy. But there was evidence that it was Hari Roy who first struck Chotan Das; Kaileswar Mahato, stated clearly towards the end of his deposition that Hari Roy had started the assault. In the circumstances, the management was entitled to differentiate between the two workmen, who had fought underground. The difference in their attitude before the Conciliation Officer in respect of the two workmen proceeded from sufficient reasonable ground, and therefore, it cannot be said to be a case of discrimination.

8. As regards the enquiry, it appears from the evidence of Sri Bhatt, Enquiring Officer that the enquiry was properly held. The enquiring officer stated that before him the workmen did not say that they had made up their quarrel or that they wanted to make up their quarrel. But from the report of the enquiring officer it appears that though different times were given to the two accused workmen for their enquiry, the time given to Hari Roy being 4 p.m. and the time given to Chotan Das being 5 p.m., Chotan Das also appeared at the time when the enquiry against Hari Roy was to be held, and both of them wanted that the enquiry should be held together. It is not unlikely therefore that the two workmen who were friends before, according to the evidence of the Asstt. Manager, had made up their quarrel and they might have stated that before the enquiring officer. The enquiring officer however had to report whether the charge mentioned in the chargesheet of having assaulted another workman when working underground had been proved against each of the two workmen. He could not, like a Magistrate, record that the case had been compounded. Accordingly, it cannot be said that the enquiring officer was wrong in proceeding with the enquiry even if the two workmen had stated that they had settled their quarrel and did not want the enquiry to proceed.

9. As regards the case of the workman that the witnesses for the management had not been examined in the presence of the workmen, this has been strenuously denied by the enquiring officer, Sri Bhatt, and the record of the enquiry, Ext. E, shows that the witnesses were examined in the presence of the two chargesheeted workmen and statement of each witness was read out and explained in Hindi and each workman was given the opportunity to cross examine each witness, and in fact Chotan Das put some question in cross examination to one of the witnesses, Kaileswar Mahato. I must hold, therefore, that the witnesses were examined in the presence of the chargesheeted workmen. Shri N. R. Roy as pointed out that at the beginning of his proceedings, the enquiring officer recorded that the Assistant Manager was present with this two

witnesses, Muuni Gosai and Kaileswar Mahato, and he has urged that those witnesses must have been present when the Asstt. Manager, Sri Neralia was being examined as a witness because the enquiring officer did not record in his proceedings that he sent out the other two witnesses when he started to examine Shri Neralia. It is, however, not the case of the union that the three witnesses were present together at the time of the enquiry. The case of the union in the written statement was that no witness was examined at all in the presence of the workmen, and in fact Hari Roy stated even in his deposition before the tribunal that he did not see the Assistant Manager or any of the witnesses, Muni Gosai or Kaileswar Mahato. In the circumstances, the evidence of Sri Bhatt must be accepted, namely that the Assistant Manager came with his two witnesses Muni Gosai and Kaileswar Mahato, but the two witnesses were sent out before the enquiring officer started to record the statement of Sri Neralia.

10. It has been urged that the doctor who is supposed to have examined Chotan Das after his injury was not examined to prove that Chotan's nasal bleeding was due to a blow and not due to a nasal disease. But the defence that Chotan Das's nose bled because of his nasal disease was not taken before the Inquiring Officer, who held his inquiry on 17th May, 1965. In the reply to the chargesheet, Ext. B, Hari Roy merely denied having assaulted Chotan Das, but he admitted a quarrel. In the first complaint by the Union to the Conciliation Officer, Ext. 1, dated the 19th June 1965, it was admitted that during the quarrel, Chotan Das got a slight injury on his nose. Only in the second complaint, Ext. 2, dated the 26th August 1965, it was pleaded that the bleeding was due to some nasal affection, and not due to a blow. In the circumstances, no adverse inference can be drawn from the non-examination of the Colliery doctor at the inquiry. The evidence before the inquiring officer supports the finding made by him and the order of dismissal was passed after obtaining approval from the proper authority. It is therefore not possible to interfere with the order of dismissal passed against Hari Roy.

11. My award, therefore, is that the dismissal of Hari Roy, ex-Miner of East Sitalpur Colliery with effect from 17th June, 1965 was not an act of victimisation for his Trade Union activities but, on the other hand, the order was justified and the workman is not entitled to any relief.

Dated the 11th July, 1967.

S. K. SEN,
Presiding Officer.
